Dr. Haney and Dr. Chai will be conducting research to evaluate our practice, more specifically utilizing the Division for Early Childhood (DEC) recommended practices to inform program quality.

   ii) Infant and Toddler Program: The Center-Based Program’s enrollment has been consistent. It is a great benefit for the program to be in the same location as the Preschool but the small area we are utilizing is a challenge as the numbers grow.

   iii) Preschool Program’s Master Contract Application: The 2017-2018 application for our Nonpublic Agency (NPA) Certification to LAUSD was completed and submitted.
iv) Parent Conferences and Student Evaluations: Conferences took place and staff completed the Desired Results Developmental Profile (DRDP) for all the students as required by the California Department of Education.

We try to minimize the impact of the testing on anyone grade level and use the entire testing window to set up the most accommodating schedule for the students.

   (3) Annual Fund: The Annual Fund concluded its formal donation period on March 17th. 44% of all families participated and approximately $60,000 was donated and pledged.

   (4) 3rd grade grammar musical: The third grade is currently preparing their annual musical about grammar: “Pirates of Grammar Island”. Students learn about parts of speech, punctuation, and language concepts such as synonyms, antonyms, homophones, etc. all by putting on a musical. Join this event from 9-12 noon on Thursday April 6th.

   (5) NWEA: Students in grades 2-8 completed their spring administration of NWEA formative assessment. Assessment updates by grade level were provided to board members in an electronic report. Teachers and staff will be examining these results and using them to make instructional decision for the spring and for next year. M. Haney requested information on trends.

   (6) Unaudited Actual/Budget Update and Financials: I. Castillo from ExED distributed the CHIME Charter School Dashboard for February 2017. She explained key points including the fact that there was a lower than expected ADA due to absences and explained she and E. Studer will meet to address additional cuts to the existing budget.

   (7) Charter School Budget/Short Term Plan to Address Budget Concerns: E. Studer indicated that LAUSD requested details on short term plan to address budget concerns and short term finances. Board discussed action plan items including increase in enrollment, limiting paraprofessional staffing costs, decreasing overall hard cost facility expenditures, developing additional unrestricted fundraising, and long term developing an outreach campaign for Low SES and EL students.
