ACTION ITEM: Revised CHIME Institute Conflicts Policy
E. Studer: we are required as a public school entity to have a conflicts policy and lausd
requires a conflicts code. Many (conflicts policies) are similar across the state as far as how organizations deal with conflicts of interest, how they should be reported, avoided or declared.

There was an opportunity for public comments and none were made

P. Smith urged board members to study this closely because it requires that we will not enter into any transactions if a conflict of interest exists.

**ACTION ITEM (not to be voted on in this meeting):** Approval of The CHIME Learning Continuity and Attendance Plan as presented by E. Studer on 9/9/2020

E. Studer explained that the Local Control and Accountability Plan was supposed to be filed at the end of june but was delayed due to Covid-19 and we were required by the state to present a distance learning plan. New laws govern the way schools work under the Covid crisis. Schools and districts complete this with input from stakeholders and present at an open public meeting and must subsequently vote prior to september 30th. The board can take a vote in a later meeting. This gives the opportunity for stakeholders to view the plan and give suggestions. The plan includes expenditures relative to distance learning plan and hybrid learning model. This plan will be posted for review so it will not be read.

E. Studer gave a short description that was already in our approach to distance learning and how it was developed as well as the plans moving forward.

I Castillo brought up the “unduplicated pupil count”. E. Studer explained how we service these students with programs currently in place and increased some offerings.

**Public comment:**
Alejandro (Last name?), a parent, asked if this will be available for review.

E. Studer explained that it has been provided in different forms, will be linked on CHIME web page and sent out via Parent Square. There will also be a form for parents to provide feedback.

J. Mark asked if it will be updated as things change.

E. Studer explained that we do not know. It was prepared for the board as per senate bill SE98 which established a process for completing, approving, and submitting this form to the county. There is no revision requirement or final report submission as of yet. As things return to normalcy
we will shift back to LCAP plan. There may be a 1 year addendum plan but is not intended to be a long term plan.

J. Mark requested specifics related to the purchasing and implementation of Chromebooks, use of funds required to happen by the end of the year, use of PPE. All questions were answered by E. Studer.

P. Smith noted that there is nothing in the document that speaks to the central mission of CHIME that is the education of all students. He requested whether or not CHIME is receiving guidance in regards to IEPs, DIS, for students with special needs or what constitutes Special Education at this time. It is not covered in this template but he feels that CHIME is obligated to address it.

E Studer outlined the ways that CHIME is servicing the population with disabilities including coteaching live sessions, breakout rooms, and family check-ins. Families with IEPs were given the opportunity to discuss their Family Learning Plan for Sped services. Service providers are working in creative ways in targeted sessions and small group sessions. He suggested that they may want to edit the template to illuminate what CHIME has done in more detail.

P. Smith encouraged E. Studer to edit and add despite the template not providing for it.

P. Smith suggested that CHIME leverage families to reach out to other families that are not participating in distance learning.

E. Studer explained that although CHIME has not done that, they have used the mental health team and SEL team to connect to non-participatory families as well as establishing a Learning Loss Coordinator.

P. Smith requested that the finance committee explore the possibility of bridge loans.

**ACTION ITEM MOVED TO BOARD MEETING SEPT 29th 2020**

**Finance and Audit Committee** - no comments made

**Fundraising and PR Committee**

D Hamilton shared that a resolution was sent out to Kristen Wright.

P. Smith requested that the board made aware of any costs so as to reimburse D. Hamilton.

P. Smith pointed out that in the bylaws amendments stat that of board committees can have non-directors on the committee. In the future, Fundraising and PR committee must be advisory committees.

M. Polanski noted that when meeting about the Charter School, the board cannot discuss other business for other programs.

P. Smith clarified: article 6 section 1?
The board will look into the possibility that they may need to close one meeting or recess meetings to different sessions.

E. Studer will get clarification.

P. Smith indicated that there will be a special meeting on September 29th at 5:00pm for the board to vote on the presented LCAP. The next Board meeting is to be held on October 6th

VI. Adjournment:
M/S/P Motion (P. Smith/J. Mark) to adjourn the meeting.
